

March 13, 2019

Dear Parent/Guardian:

We believe that your involvement with your child's education is essential to his/her academic and future success. To honor our commitment to provide the best possible educational experience for your child and work with you in that effort, we would like to invite you to help us develop or revise our school's compact, family engagement policy, school improvement plan and give input on how we train our staff to work with families. This will take place at our annual Family Forums.

The meetings are scheduled for **Wednesday, March 27, 2019 at 9:00am and 4:30pm**. Both meetings are the same, so you only need to choose one to attend.

The Title I planning that we are doing for the 2018-2019 school year with you will include family engagement strategies, activities and services for programs that may be offered at our school such as those for students who are limited English proficient, disabled, migratory, homeless, economically disadvantaged or in need of additional academic assistance.

Together with you, we will develop plans that will assist in determining:

- The academic progress of our students.
- The identification of our strengths and areas for improvement.
- The removal of any barriers that may prevent parents/families from fully participating as partners in their child's education.

If you are interested in participating, please complete the Family Response Form as the first step of your commitment. You may contact us at **912-395-4070** for any questions. We would appreciate an RSVP by **March 25, 2019**.

Sincerely,

Stephanie Babcock-Wright, Director

Leslie Sheppard, Parent Facilitator
