| June                                 |         |      |            |
| one time mulch/straw service         |         |      |            |

Initial one-time cleanup cost shall be submitted for the site. If your firm determines that the site does not require an initial one-time cleanup service indicate this by placing a "0" in the space provided. Firms are required to provide a total one-time cost with a break-out cost for each item specified. If the site does not require cleanup for all items listed you may indicate which items are not required by entering "0" in the space provided. Awarded firm will be given thirty (30) days after Notice-to-Proceed to complete their initial cleanup of the site. After the initial cleanup, firm will be required to maintain the site in their stated monthly cost. The Initial one-time cleanup service and the ground maintenance service will be awarded to the same firm. Initial one-time cleanup cost will be a factor in determining the overall award.
